Happy New Year, Post 416 family! There's something magical about turning the page to a new year—a chance to dream big and set bold goals together. I'm thrilled to travel "highway 2026" with you, and I want to share what's ahead for our Post in the next six months.

### What's Coming Up?

#### 1. Officer Roles—Your Opportunity to Lead!

We're updating our officer roles to match our new Constitution and By-Laws, as well as aligning with National and Department standards. The current team will continue as-is through June, but new roles start July 1, 2026. Detailed description of the new roles is detailed on pg. 7-8, so be sure to check that out. If you're passionate about serving, let's talk before April 1—your energy could shape our future.

#### 2. Vision 2040—Building Our Future Together

Phase 2 of our Vision 2040 project is almost here! By March 1, you'll see the site plan for our property at 5419 South Alston Avenue, plus a breakdown of construction costs and fundraising goals. This is our chance to create something lasting for our community. Want to catch up? The Phase 1 report is online: <https://al416nc.wixsite.com/al416nc/about/vision-2040>.

#### 3. American Legion Baseball—A Season to Remember

## 2025: A Year in Review

As the year draws to a close, traditionally individuals and groups often look back on that year and recall the events that defined 2025. In keeping with that, we should do the same. In 2025, Lowe's Grove SAL Squadron 416 came into being. And we got a bank account.

Well, that was quick. Let's try something different.

## 2026: A Year in Preview

Now we're talkin'. Let's get into what 2026, our first full year as a Squadron, can bring us. The Sons of the American Legion program exists to support the greater American Legion to accomplish the Four Pillars: Veterans Affairs & Rehabilitation, National Security, Americanism, and Children & Youth. As Sons, we are well-founded to act on all of these. However, our particular Squadron has sort of an inside track on one of these: Children & Youth.

Lowe's Grove Post 416 has supported Scouting for many years. A couple of our Sons are in leadership positions with Pack 495, the Den of which meets at our Post three times a month. We must recognize and support these men, and that the Squadron will participate in their activities however they see fit. One of the ways is that other Sons can present discussion and activities related to the other three Pillars. In my experience, Cub Scouts are sponges for information that's presented in a fun and meaningful way. In this manner, Sons can reinforce the positive traits the Cubs are already learning throughout their Scouting experience. This is an opportunity not to be missed.

American Legion Baseball has been a huge part of the American Legion for 101 years now. The Post 416 team enjoyed great success last season, reaching the second round of the playoffs. This season, the program will include a Senior and a Junior team, both playing as the Bull City Lollygaggers Baseball at Post 416. More information about the Lollygaggers is found on page 9, but it's worth noting that at least one player is a member of Squadron 416. Further, I participate on the Board for the program along with Commander Granger on the Legion side. The baseball side of the Board consists of the coaching, training and management staff of the program. Our Squadron can help the Lollygaggers in many ways, not the least of which is attendance to Lollygaggers games. We would like to have a visible SAL presence at all Lollygaggers games this season as the teams compete toward a Championship.

These two activities that are already key components of Post 416's existence are well suited to participation and support of our Squadron. There's one other aspect to emphasize, though. Just as current Squadron members are involved in Scouting and Baseball now, we can seek to expand our membership drawing from the young men who are Scouts and ballplayers. I'll recall back to something I touched on in the last newsletter. That's the three-word message from the Commander of the American Legion Department of North Carolina, Devell "Bo" Durham: Inspire and Engage. Inspiring and engaging these young men as positive male role models who lead by example and demonstrate a commitment to fulfilling the Four Pillars will leave an indelible impression on them, and they will, like each of us who are already Sons of the American Legion, be proud and honored to be members. Everything we do is out of respect and admiration of our fathers, grandfathers, great-grandfathers and all the other American servicemen in our past.

As always, thank you for everything you do to support the Post, the Unit and the Squadron. Please reach out with any comments or opportunities to broaden our presence in the local veteran community. I wish you and yours a New Year of peace, prosperity and positive action.

Best regards,  
Philip A. Goldsby  
Commander, Lowe's Grove SAL Squadron 416

## American Legion Family USA 250 Challenge

Celebrate the nation's 250th by taking part in The American Legion's USA 250 Challenge. Your participation, whether as an individual or part of a team, helps honor our veterans and uplift communities nationwide while promoting physical fitness, mental wellness, and community service.

### About the Challenge

The American Legion Family is honoring the nation's 250th birthday with a commitment to embracing physical activity, supporting mental health and serving its communities. The USA 250 Challenge encourages American Legion Family members, other veterans and all Americans to participate, and even raise additional money to support our disabled veterans and families in need through The American Legion Veterans & Children Foundation.

American Legion National Commander Dan Wiley encourages everyone to join the challenge, which was launched by Past National Commander James LaCoursiere on July 3, 2025. The year-long initiative offers three categories — fitness, mental wellness and community service — in order to engage more American Legion Family members and others to participate.

Participants may engage in one, two or all three activities as an individual or as part of a team like an American Legion post, American Legion Auxiliary unit, Sons of The American Legion squadron and/or an American Legion Riders chapter.

For a \$30 registration fee, participants will receive their choice of a USA 250 Challenge tech shirt. Donations will go to the Veterans and Children Foundation (VCF).

## Get Ready for 2026 Tax Filing Season

The Internal Revenue Service (IRS) is reminding taxpayers that the 2026 filing season is rapidly approaching. The agency encourages taxpayers to take steps to ensure they can file promptly and accurately for the upcoming season.

The IRS maintains the [irs.gov/getready](https://irs.gov/getready) webpage with helpful information. The page has many practical tips and resources for taxpayers. Preparing for the filing season can be simplified into two main steps.

### Gather and Organize

Taxpayers should gather all their tax documents. The most common are IRS Form W-2, Form 1099, records of digital asset transactions and other information forms. There may be specific paperwork to support your income tax deductions, education credits or mortgage payments. You will need the adjusted gross income (AGI) from your prior year's tax return if you want to file electronically. Taxpayers must wait until all forms are received to file an accurate tax return.

### IRS Online Account

You may create an IRS online account and enjoy multiple benefits – you can review your most recent tax return and AGI; obtain an Identity Protection PIN (IP PIN); or sign a power of attorney for your tax preparer. The online account allows you to authorize a tax professional to access your tax records electronically. You can review and cancel payments and set up a payment plan.

Setting up direct deposit remains the quickest option for receiving a tax refund. Per an executive order, the IRS has started to phase out paper checks for tax refunds. Taxpayers without a bank account may want to explore opening an account or looking into alternative methods to receive a direct deposit.

You should gather your tax information and have an organized system for maintaining your records. The required forms are generally issued by the end of January and would be expected to be received by early February. Older adults and military members may benefit from the Volunteer Income Tax Assistance (VITA) or Tax Counseling for the Elderly (TCE) programs.

## 2025: A Year in Review

As I think back on 2025, it's clear that this year has been one of remarkable growth, community engagement, and meaningful achievements for Lowe's Grove American Legion Post 416. Let's take a quick journey down memory lane and reflect how well we've lived out our vision of Veterans Strengthening our Community.

We began the year by expanding our reach, welcoming Girl Scout Troop 1462 in January and Daisy Troop 1518 in September, further strengthening our commitment to youth development and leadership. Our partnerships flourished as well, with new collaborations established with the Raleigh Sea Cadets and the U.S. Army Recruiting Service, while our ongoing relationship with Cub Scout Pack 495 continued to thrive.

Community events were a highlight of the year. We hosted two successful BBQ Chicken Dinners and organized a special Legion family recruiting event at Golden Corral on Veterans Day, bringing together members, families, and friends in celebration and service. Our commitment to honoring tradition and service was evident as we installed a new flag drop box at the front gate for retired flags and continued to honor our fallen veterans by placing U.S. flags on their gravesites at Memorial Day and Veterans Day, ensuring respect for our nation's heroes.

2025 also marked significant milestones in our long-term vision. We completed phase one of Vision 2040 and launched phase two, setting the stage for a future filled with promise and progress. A new sign now stands proudly in front of our post, symbolizing our renewed spirit and visibility in the community.

Membership soared this year, with our post achieving an impressive 114% of the TAL 2025 membership goal. We were also honored to charter a new Sons of The American Legion Squadron at Post 416, further expanding our family and legacy. Our efforts and impact were recognized beyond our walls, as Post 416 was featured in USO Southeast magazine for hosting a military spouse baby shower, and I was interviewed on the local Southpoint Access podcast, sharing our story and mission with a wider audience.

Sports and youth engagement remained at the heart of our activities. We celebrated the 100th anniversary of American Legion Baseball with an outstanding 11-3-1 record and a trip to the second round of playoffs. Our sponsorship extended to two SDLL little league teams and one softball team, nurturing the next generation of athletes and leaders.

Education and support for veterans and their families were also central to our mission. We awarded a \$500 scholarship to Gabriel Ferrell for attendance at Montreat College and supported the 4th annual 5K walk for the Morrisville Veterans Memorial Foundation. Our presence was felt at the 535th Military Police Battalion family day event, where we stood alongside those who serve.

As we look back on 2025, we should be filled with pride for all we have accomplished together. Each new partnership, event, and milestone is a testament to the dedication and spirit of our members and supporters. With gratitude for the past and excitement for the future, we move forward—stronger, more united, and ready for the opportunities that lie ahead. As always, I am so proud of the amazing team assembled at Post 416!

American Legion members interested in the discounted Paid Up For Life program can now easily join online: [www.legion.org/join/pufl](https://www.legion.org/join/pufl)

Legionnaires who become a Paid Up For Life member will avoid any future increases to membership dues and will never have to pay annual dues or receive renewal notices. Other benefits include a lifetime subscription to The American Legion Magazine.

The department will then notify National Headquarters about why the application was denied.
